LISTEN TO WHAT OUR CUSTOMERS ARE SAYING:

"The University has been using your INFO/mation software cartridge for nearly a year, and we'll be purchasing additional cartridges! Thank you for manufacturing a Quality product at a very reasonable price . . ."

John Stephens, Director
Instructional Resources Center
University of Georgia

"We've installed INFO/mation display systems in some of Hawaii's most luxurious hotels and resorts, including the Maui Marriott Hotel, and the Kauai Surf Resort. Plus, a half dozen Cable TV systems, and the Barking Sands Missile Tracking Facility. It's a superb, professional quality display system with exceptionally high video quality . . ."

Bill Ferreira, Jr., President
Diversified Video Services
Honolulu

"It's so easy to use, we don't have to do any training! We're using INFO/mation displays on our Private Cable systems, in Apartments and Condominiums, and many large Shopping Centers in the Denver area . . ."

Tom Allen, President
Allen CATV, Inc.
Aurora, Colorado

"In all of my 30 years in the Cable TV industry, rarely has there been a product like INFO/mation that I can recommend so highly! It's by far the best thing on the market! We have 50 of the units and haven't had a failure yet!"

Ray Miller, President
Crystal Cablevision, Inc.
Pinellas Park, Florida

INFO/mation™ Message Displays

LOW-COST Character Generator Software For Microcomputers!

Superb, Professional Quality . . . So Easy To Use! . . . Exceptionally High Video Quality! . . . The Best Thing On The Market! . . . Quality Product at a Very Reasonable Price!

. . . These are just a few of the comments we receive every day from over a thousand users of INFO/mation Message Displays! Our software is being used in Cable TV, Private Cable, SMATV, Hotels, Hospitals, Schools and Universities, Shopping Centers, Corporate Offices, Indian Reservations, Governmental Agencies, Trade Shows—just to name a few.

INFO/mation software cartridges convert Low-cost Atari microcomputers into professional quality text and graphic character generators. With features and reliability that meet or exceed that of the competition at a fraction of the cost! The illustrations shown here are just a few samples of what you can do. And, it's colorful, too! Choose from a palette of 128 colors!

Best of all, the INFO/mation displays are simple to use! In fact, we designed them to be used by novices—with no formal training. Creating a message display is as easy as using a standard typewriter. For the beginner, its 'Intuitive' features are easy to master. Yet, there is a full complement of 'Bells and Whistles' to satisfy the most experienced operator!

Find out for yourself! Send the attached card for further information, or call us directly. If you like, we can send you the cartridge of your choice with a 10 day, no questions asked, return policy. You'll soon learn what all of the excitement is about!

Quality Information Display Systems Since 1981!
